DETAILED ACTION

Allowable Subject Matter

Claims 1-23 are allowed over prior art.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1-16, the prior art fails to teach a sterile drape having a C-arm portion for covering an emitter and a C-arm, a table portion for covering a small surgical table that attached to an image intensifier, wherein the C-arm portion opens into an open seam allowing the C-arm portion to be slipped around the emitter and C-arm and closure means for closing the open seam as claimed in independent claims 1 and 9.

Regarding claims 17-23, the prior art fails to teach a sterile drape having a C-arm portion for covering an emitter and a C-arm, a table portion for covering a small surgical table that attached to a C-arm image intensifier and an integral table drape for covering a patient lying on a table as claimed in independent claim 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Kienzle, III et al. (US 6285902B1) teaches a C-arm drape (196) but fails to teach the allowable subject matter above.
